

May 28, 2015

**WESTERN CANADIAN COAL SOCIETY
NETWORKING EVENING**

Guest Speaker: DR. TONY MACPHEE

**CanmetENERGY & The Canadian Carbonization Research
Association**

**Small Scale Determination of Metallurgical Coke
CSR**

For the last 20 years he has been actively involved in all aspects of coal carbonization from laboratory to industrial scale. He has worked extensively with the Canadian Carbonization Research Association on a range of research projects. He is the author of numerous publications and presentations dealing with the chemical structure of coals and how this relates to carbonization properties. Currently he is Research Leader in the Met Fuels Group at CanmetENERGY in Ottawa.
