

NOVEMBER 28 2013

**VANCOUVER COAL GROUP
NETWORKING - 2013 WRAP UP!**

Guest Speaker: Kelly Sexsmith, SRK Consulting

**Characterization of Acid Rock Drainage and Metal Leaching:
Preparing for Environmental Assessment, Mines Act Permit
Application and Permit Amendments**

The presentation will explain typical regulatory expectations for characterization, management and control of acid rock drainage and metal leaching at coal mines in British Columbia, including field tests and monitoring programs that can be implemented to reduce risks and uncertainties in water quality predictions for these sites. Typical timelines for completing these programs will be discussed.

November's networking evening will be our 2013 wrap-up social as well. Come out and join us for drinks and festive food!
