

**January 25, 2017**

**WESTERN CANADIAN COAL SOCIETY  
NETWORKING LUNCH**

**Guest Speaker:**

***Paul Reagan, President***

***Sampling Associates International***

**Latest Developments in Mechanical  
Sampling of Coal**

Paul Reagan is the President of Sampling Associates International based in Hampton Roads, Virginia, USA. SAI is a company specializing in the mechanical sampling of coal and currently operates and maintains the mechanical sampling systems at multiple export terminals in North and South America. Paul is the Head of Delegation for the USA to the International Organization for Standardization (ISO) and served as the Convenor of the ISO Working Group 10 which has just re-written ISO Standard 13909 on the Mechanical Sampling of Coal and Coke. He is also the author of numerous technical articles on the sampling. In 2008, Paul was given the R. A. Glenn Award – the award from ASTM Committee D05 on Coal and Coke for “individuals who have made outstanding contributions in the development of ASTM standards related to coal and coke”.

**To Sponsor the WCCS contact:**
